

INVENTORY MANAGEMENT SOLUTIONS

Optimal supply programs and stock management strategies designed to streamline your production processes.

More than just bolts.

WE MANAGE YOUR INVENTORY AND STREAMLINE YOUR PRODUCTION PROCESSES, **SAVING TIME & MONEY**

Bolts & Industrial Supplies inventory management system is a stock management strategy designed to streamline your production processes by ensuring the correct fasteners and industrial consumables are available to your production and maintenance departments. We work hand in hand with your team to create an optimal supply program ensuring the right amount of inventory is always available.

As inventory management specialists, Bolts & Industrial Supplies can use purchase history data to create usage reports and design a system to help monitor, manage, and assess the products you use every day, on a replenishment cycle that suits you.

THE RIGHT PART IN THE RIGHT PLACE EVERY TIME

We ensure that every inch of racking space is custom designed with consumables specific to the needs of your workplace.

CONSISTENT PRICING FROM A SINGLE SUPPLIER

No need to chase multiple vendors for the best price - we establish and lock in specific pricing so you can rest easy.

ELIMINATE DOWNTIME REDUCING TOTAL COSTS

We work with your team to establish min/max stock levels based upon purchase history to ensure you never run out of stock.

SAVE TIME - NO MORE INVENTORY HASSLES

Our dedicated team will check and replenish stock on a cycle that works for you, meaning no more trips for last minute supplies.

CUSTOMISED INVENTORY MANAGEMENT SYSTEMS ARE AVAILABLE. CONTACT US TO DISCUSS A PACKAGE DEAL TO SUIT YOUR BUSINESS.

BS227 STEEL SHELVING KIT WITH 72 PARTS TRAYS

P/N: BS227

The BS227 Steel Shelving Kit comprises frame panels, twelve shelves, cross braces, kickplate and fixing hardware plus 72 x AT41 Parts Trays. Plus three shelves for reserve storage of product. Additionally, the top shelf is fully load bearing and can be used as a dust cover or loaded with product.

- *Sturdy Steel Construction*
- *400mm D x 900mm W x 2175mm H*
- *Includes 72 x AT41 Parts Trays*
- *Total of 216 Adjustable Compartments*

BS237 STEEL SHELVING KIT WITH 48 PARTS TRAYS

P/N: BS237

The BS237 Steel Shelving Kit comprises frame panels, twelve shelves, cross braces, kickplate and fixing hardware plus 48 x AT42 Parts Trays. Plus three shelves for reserve storage of product. Additionally, the top shelf is fully load bearing and can be used as a dust cover or loaded with product.

- *Sturdy Steel Construction*
- *400mm D x 900mm W x 2175mm H*
- *Includes 48 x AT42 Parts Trays*
- *Total of 144 Adjustable Compartments*

BS264 STEEL SHELVING KIT WITH 36 PICKING BINS

P/N: BS264

The BS264 Steel Shelving Kit comprises frame panels, eight shelves, cross braces, kickplate and fixing hardware plus 36 x AP42 Picking Bins. As well as the 36 x AP42 Picking Bins there is one shelf for reserve storage of product. Additionally, the top shelf is fully load bearing and can be used as a dust cover or loaded with product.

- *Sturdy Steel Construction*
- *400mm D x 900mm W x 2175mm H*
- *Includes 36 x AP42 Picking Bins*

BS283 STEEL SHELVING KIT WITH 30 PICKING BINS

P/N: BS283

The BS283 Steel Shelving Kit comprises frame panels, eight shelves, cross braces, kickplate and fixing hardware plus 18 x AP42 and 12 x AP43 Picking Bins. As well as the 18 x AP42 Picking Bins and 12 x AP43 Picking Bins there is one shelf for reserve storage of product. Additionally, the top shelf is fully load bearing and can be used as a dust cover or loaded with product.

- *Sturdy Steel Construction*
- *400mm D x 900mm W x 2175mm H*
- *Includes 18 x AP42 Bins + 12 x AP43 Bins*

BL2 LOUVRE PANEL POWDER COATED STEEL

P/N: BL2

The VISIPLAS Steel Louvre Panels (BL2) are powder coated Light Grey. Comparable in width, but 33% higher, than Fischer Plastics 1H070 and Dexion Maxi Louvred Panel 080311.

- *Sturdy Steel Construction*
- *610mm H x 455mm W*

BL3 LOUVRE PANEL POWDER COATED STEEL

P/N: BL3

The VISIPLAS Steel Louvre Panels (BL3) are powder coated Light Grey. Comparable in size to Fischer Plastics 1H071 and Dexion Maxi Louvred Panel 080313.

- *Sturdy Steel Construction*
- *914mm H x 455mm W*

PARTS TRAYS

- *High storage density for small parts*
- *Large flat front face for fitting adhesive laser labels*
- *Dividers lock into divider slot with locking tab*
- *Integral backstop for viewing contents*
- *Wide range of compartment sizes by adding extra dividers*

Part	D mm	W mm	H mm	Dividers
AT41	415	100	110	2
AT42	415	150	110	2
AT43	415	220	135	2
AT44	415	300	135	2

PICKING BINS

- *Large flat label area for multiple adhesive labels, typically for identificationpr bar code*
- *No catch points for dirt or dust – all horizontal and vertical surfaces can be simply and easily wiped clean*
- *Small items easily drawn from the bin with smooth front radius from base*
- *Incorporates handle for easy removal from shelf*

Part	D mm	W mm	H mm	Dividers
AP42	400	146	200	None
AP43	400	219	200	None

EDGE™ 5000

USER-LEVEL ACCESS ITEM DISPENSING

Let employees get what they need – when and where they need it. The EDGE™ is the most widely used helical dispensing system in the world. Designed to be hard-wearing for harsh industrial environments, the EDGE™ provides faultless dispensing of an incredibly wide range of supplies, tools, parts and materials. Ensuring accurate, 24/7 dispensing, it's a simple way to reduce consumption, gain insight on usage and streamline purchasing.

EASY
INSTALLATION

CONNECT
'N' GO TECHNOLOGY

LOWER
CONSUMPTION

✓ ADJUSTABLE SHELF HEIGHT AND TRAY CONFIGURATIONS

Adapts to a wide range of item sizes and shapes

✓ PATENTED VERIFIED-VEND™ TECH

Senses and confirms each item dispensed

✓ BROAD RANGE OF DISPENSE ACCESSORIES

Reduces the need for repackaging

✓ SUPPORTS A WIDE RANGE OF USER ID

Choose from barcode, magnetic stripe, proximity card or keypad entry

✓ PADDED DELIVERY BAY

Safely dispenses highly sensitive or fragile items

✓ HEAVY-DUTY CONSTRUCTION

Engineered for harsh industrial environments

✓ OUTSTANDING INVENTORY CONTROL

Choose from three EDGE™ 5000 models for single-item dispensing of parts, materials and supplies, including fragile and refrigerated items

✓ FLEXIBLE CONFIGURATIONS

Move tray dividers, change tray heights, interchange helixes, add spacers, risers and adapters to make the EDGE 5000 Series even more versatile

✓ FAULTLESS TRANSACTIONS

Dispense up to 60 SKUs with limited repackaging needed

MEGASTORE™ 9000 & 9500

THE SMART SUPPLY CABINET

Get unprecedented control and visibility over supply and material usage with MegaStore™ Series of solutions. The smart, sensor-based cabinet controls supplies, materials and equipment right at the Point-of-Use. Users access parts, supplies, components and materials quickly and easily while the MegaStore™ breakthrough sensor technology keeps track of what's on-hand and what's been used. No RFID tagging is required. MegaStore™ sensor technology takes care of everything automatically.

EASY
INSTALLATION

CONNECT
'N' GO TECHNOLOGY

LOWER
CONSUMPTION

✓ EASY ACCESS, EASY TRACKING

Authorised users can select what they need, while smart sensors automatically count every item removed or restocked

✓ HIGH-DENSITY INVENTORY CONTROL

Fill each shelf to capacity to dispense mission-critical supplies and materials at the point of work

✓ PINPOINTS USAGE

Tracks where supplies are used, by individual, department, cost center, work order and more

✓ FLEXIBLE CONFIGURATIONS

Optimise for your product mix with combinations of shelf dispensers, pushers and bins to manage a wide range of products

✓ SUPPORTS A WIDE RANGE OF USER ID

Choose from barcode, magnetic stripe, proximity card or keypad entry

✓ INTELLIGENT INVENTORY TRACKING

No tags required. No need to rely on manual entering of items taken or added.

✓ INCREASE ACCOUNTABILITY AND CONTROL

Smart sensors count every item to increase visibility and eliminate being out of stock.

✓ POINT-OF-USE PRODUCTIVITY

Provides quick access to critical supplies and tools, 24/7.

✓ EASY ACCESS, EASY TRACKING

Authorised users can select what they need, while smart sensors automatically count every item removed or stocked

✓ ULTRA-HIGH-DENSITY INVENTORY CONTROL

A combination of shelves and drawers offers ultra-high-density dispensing for a wide mix of product shapes and sizes

✓ AUTOMATICALLY TRACKS INVENTORY

Smart sensor technology accurately counts every item removed or restocked

✓ CONTROLS USER ACCESS

Restrict users by cabinet and/or drawer while offering full access to all items inside

✓ FLEXIBLE CONFIGURATIONS

Optimise for your product mix with combinations of shelf dispensers, pushers and bins to manage a wide range of products

✓ SUPPORTS A WIDE RANGE OF USER ID

Choose from barcode, magnetic stripe, proximity card or keypad entry

✓ INTELLIGENT INVENTORY TRACKING

No RFID tags required. No need to rely on manual entering of items taken or added

✓ INCREASE ACCOUNTABILITY AND CONTROL

Smart sensors count every item to increase visibility and eliminate out-of-stocks

ACTYLUS™

FEATURING AUTOMATED RESTOCK ALERTS

Keeping your bins full just got a lot easier – and a lot faster. These intelligent systems send automated, 24/7 restock alerts and supplier notifications, eliminating the need for counting trips and emergency stocking trips. That means no more safety stock. No more emergency orders. And more importantly, no more lines down. It's the automated, lean bin solution you've been waiting for.

EASY
INSTALLATION

CONNECT
'N' GO TECHNOLOGY

LOWER
CONSUMPTION

✓ SET UP TO FOUR RESTOCK LEVELS

Each bin can be taught up to four inventory levels – full, replenish, critical and empty – and sends real-time replenishment alerts

✓ FAST AND EASY SET-UP

Designed for quick assembly and same-day set-up – no complicated pre-implementation process or lengthy product testing. Just three simple steps – assemble, connect, teach

✓ TAUGHT LEVEL INDICATOR LED

The LED under each bin indicates its current inventory level

✓ FLEXIBLE CONFIGURATIONS

From assembly cells to large deployments, create the ideal solution by determining shelf number, spacing and bin sizes

✓ EASY REPLENISHMENT

Restock in established quantities, full packages, boxes or Kanban lots

✓ YOUR SUPPLY CHAIN TALKS TO YOU

Smarter Spaces™ technology eliminates the tags, flags and cards of manual monitoring with restock and reorder alerts right to your ERP

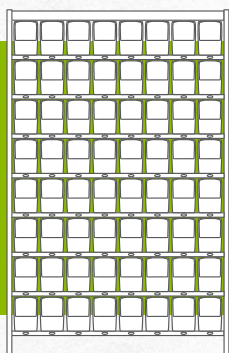

✓ KEEP LINES UP AND RUNNING

Real-time replenishment alerts and automated ordering put an end to out-of-stocks and emergency orders – and keep everyone working

✓ VISUALISE YOUR SUPPLY CHAIN

View real-time information and see changes in usage patterns, consumption trends, productivity and more

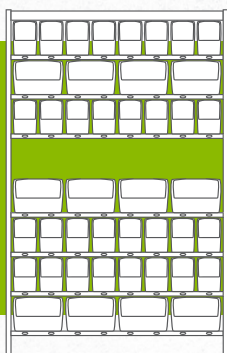

CREATE THE IDEAL ACTYLUS™ SOLUTION FOR YOUR NEEDS.

ACTYLUS

Smart Bin 8864.8

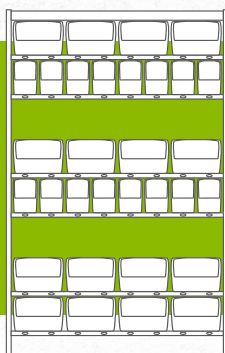

- Max. 8 shelves/64 bins
- Weight: 82 kg
- Max. capacity: 348 kg

ACTYLUS

Smart Bin 8844.7

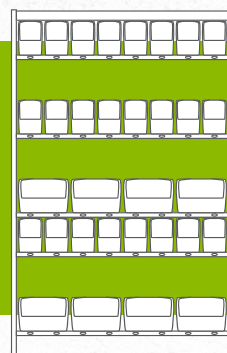

- Max. 7 shelves/56 bins
- Weight: 74 kg
- Max. capacity: 305 kg

ACTYLUS

Smart Bin 8832.6

- Max. 6 shelves/48 bins
- Weight: 67 kg
- Max. capacity: 261 kg

ACTYLUS

Smart Bin 8832.5

- Max. 5 shelves/40 bins
- Weight: 60 kg
- Max. capacity: 218 kg

Width: 1118 mm
Depth: 330 mm
Power Box: 230VAC/50Hz/0.65A
System Manager: 5V/4A

Bin Interiors

Single-wide: 102 mm W x 140 mm H x 273 mm D
Capacity: 1818 cm³*

Double-wide: 216 mm W x 140 mm H x 273 mm D
Capacity: 3949 cm³*

*Bin capacity volume is dependent on size and shape of parts being stocked.

Each System Manager can control up to 10 racks.

Modular design allows you to quickly configure the number of shelves, shelf heights and bin sizes to create your ideal ACTYLUS™ system.

ASK US ABOUT OUR LONGSPAN RACKING SOLUTIONS

Longspan shelving is an easy to assemble versatile shelving system. If you prefer the look of a shiny new shelving system Longspan is your answer. With pre-built frames and clip in beams, anyone can assemble a bay in minutes. Contact us for pricing.
